Dedication

Whether we wish to admit it or not, we are the future of our ancestors, as our descendants are our future. We owe our descendants our dreams and bequeath to them the legacy of our collective accomplishments – nothing more and nothing less. To our descendants, we charge you with the honoring of your heritage. Your ancestors were hardy folk, god-fearing and plain spoken, and who recognized that nothing was due them except that which they themselves earned. They were not ashamed to profess their belief in God, their country and the American ideal. Of course, there were a few rascallions in our collective history, but neither more nor less than in any other family.

We too easily forget what it took to forge a life in a new world, one rife with peril and with little at hand but a steadfast determination to not only survive but to thrive. Our ancestors bequeathed us with their genes, aspirations and talents. It is therefore fitting that the Blandford Series of Yarbrough Family Records be dedicated to them for making it possible for us to be who we are.

To paraphrase Robert Kincaid¹, “The dreams they had were good ones. They didn’t all come true, but they were worth having, all the same.”

Acknowledgement

The Yarbrough Association is greatly indebted to the vision and efforts of Cathy Y. Walker and William A. (Bill) Yarbrough, the late president and vice-president of the YNGHA, respectively, for beginning the project to digitize the 150+ volumes of records accumulated over the life of the Association. Fulfilment of the project was through the efforts of a number of officers and members, including Bill’s son Mark, Rachel and Don Yarbrough, Hal Yarbrough, Jan and Jim Yarbrough, Ann and Al Bush, Elaine and Lyle Wolf, Joan Y. Singlaub, and Joanne and Bill Augspurger.

It was my privilege to be a part of this dedicated team.

Preface

These records are the legacy of our Yarbrough family researchers, to whom much is owed. The known family researchers include Jean Baker, Ann Y. Broadbent, Mary Y. Daniel, Frances (Rea) Donohue, Betty Humrighouse, Pauline Gray, Evelyn Goble, Nelle Morris Jenkins, Ophelia Kessler, Frances Lockwood, Karen Mazock Renee Smelley, Dorothy Svec, Jeanette Wilson, Cleveland “Cy” Yarbrough, Edna Yarbrough, George A. Yarbrough, and Robert Price Yarbrough.

The originals of these volumes are being kept for the benefit of future generations by the Williamson County Library, Franklin, Tennessee.

No claims of accuracy or authentication of the material herein are made or may be assumed. Many of these records have been superseded by subsequent research. Hence, there are records which are erroneous and unreliable; it would have been a Herculean task to attempt to correct all of them. Fortunately, there are only a few critical genealogical facts that are involved, and which are correctly stated here:

- Richard (the Immigrant) Yarbrough was never married to Frances Proctor;
- Ambrose Yarbrough did not immigrate from Yorkshire; he is now believed to be a descendant of Richard the Immigrant;
- There are so far only two proven sons of Old Richard – John and Richard II;
- There is so far no evidence proving Joshua Yarbrough I to be a descendant of Old Richard.
- The “Old Country” referred to in old documents and letters is the Colony of Virginia, not England or the Old World.
- There were not seven brothers who immigrated from “the old country”; in fact, it now appears there were three brothers and four sons of the brothers. Which were the fathers and which were the sons are so far unknown.

In spite of these inaccuracies, these records comprise much of our history and some of our accomplishments. There are pages whose print quality is so poor that word recognition was not possible. In spite of that, at least partial capability for searching these volumes is provided, as well as an index to each volume. Nonetheless, the viewer is cautioned to perform his/her own due diligence in connection with any use of this material.

The various spellings of the Yarbrough surname have never been applied consistently, even within a given family. To the extent possible, the names in the index reflect the names used on the source pages; where it wasn't clear as to which might be the proper spelling, the spelling used is “Yarbrough”.

The material contained herein is subject to the copyright laws of the United States. Material may be freely used by Yarbrough family researchers so long as proper attribution to the [Yarbrough National Genealogical & Historical Association, Inc.](#) is given. This material, in whole or in part, may not be used for any other purposes without the express written permission of the Yarbrough National Genealogical & Historical Association.

We welcome the [submission](#) of any Yarbrough family information that can be added to our growing data base. More information about the extended Yarbrough families can be found at our website, <http://www.yarbroughfamily.org>. If you are a Yarbrough or a member of one of our allied families, we invite you to [join our family association](#).

You will notice on the
family group sheets —
died: place: res 1910,
Johnson twp, Washington, MO
This is my own note
keeping system — the
last place of residence
was 1910 (census) etc.

I have used newspaper obits,
census records, courthouse
records etc. to compile my
charts — records often offer
a variety of dates for the
same event — feel free to
offer corrections. Barbara

Sorry, I do not have
Mary Louise Sansoucie
connected to the family
at this time. I have a
few thousand more
Sansoucies to put into
the computer, however,
I operate my business
6/7 days a week and
it just doesn't leave
much time for my own
genealogy.

Please send me your
Sansoucie / Yarbrough / Shenlock
data / corrections.

Searching for Indexed Terms¹

First, find the name or phrase (search term) in the index. Then, from the menu bar, select “Edit”, and then “Find” or press CTRL+F. A search field will appear in the upper right corner of the page. Enter the search term into this field and press ENTER. If the search term is not found, nothing will happen; otherwise, the search term will be displayed on the first page in which it occurs. Repeated pressing of the ENTER key will high-light other occurrences within the file. Use the left and right arrow buttons to the right of the search field to look ahead or to look backwards for other occurrences of the term in the document

A directory (folder) or even an entire hard drive may also be searched². First, high-light the selected folder or drive and then press SHIFT+CTRL+F to obtain a listing of all the files in which the search term appears. Next, select and open an individual file to find the first occurrence of the search term(s) in the file, as described in the preceding paragraph.

¹ In order for the search feature of Adobe Acrobat® Reader to be enabled, a certain level of document legibility is required. That is, post-scanning processing cannot overcome poor print quality of an original document. With this caveat, each volume has been made searchable by Adobe Acrobat, version 9 or later.

² This may take quite some time, depending on the size of files contained therein.
