Dedication

Whether we wish to admit it or not, we are the future of our ancestors, as our descendants are our future. We owe our descendants our dreams and bequeath to them the legacy of our collective accomplishments – nothing more and nothing less. To our descendants, we charge you with the honoring of your heritage. Your ancestors were hardy folk, god-fearing and plain spoken, and who recognized that nothing was due them except that which they themselves earned. They were not ashamed to profess their belief in God, their country and the American ideal. Of course, there were a few rapscallions in our collective history, but neither more nor less than in any other family.

We too easily forget what it took to forge a life in a new world, one rife with peril and with little at hand but a steadfast determination to not only survive but to thrive. Our ancestors bequeathed us with their genes, aspirations and talents. It is therefore fitting that the Blandford Series of Yarbrough Family Records be dedicated to them for making it possible for us to be who we are.

To paraphrase Robert Kincaid¹, "The dreams they had were good ones. They didn't all come true, but they were worth having, all the same."

Acknowledgement

The Yarbrough Association is greatly indebted to the vision and efforts of Cathy Y. Walker and William A. (Bill) Yarbrough, the late president and vice-president of the YNGHA, respectively, for beginning the project to digitize the 150+ volumes of records accumulated over the life of the Association. Fulfilment of the project was through the efforts of a number of officers and members, including Bill's son Mark, Rachel and Don Yarbrough, Hal Yarbrough, Jan and Jim Yarbrough, Ann and Al Bush, Elaine and Lyle Wolf, Joan Y. Singlaub, and Joanne and Bill Augspurger.

It was my privilege to be a part of this dedicated team.

Preface

These records are the legacy of our Yarbrough family researchers, to whom much is owed. The known family researchers include Jean Baker, Ann Y. Broadbent, Mary Y. Daniel, Frances (Rea) Donohue, Betty Humrighouse, Pauline Gray, Evelyn Goble, Nelle Morris Jenkins, Ophelia Kessler, Frances Lockwood, Karen Mazock Renee Smelley, Dorothy Svec, Jeanette Wilson, Cleveland "Cy" Yarbrough, Edna Yarbrough, George A. Yarbrough, and Robert Price Yarbrough.

The originals of these volumes are being kept for the benefit of future generations by the Williamson County Library, Franklin, Tennessee.

No claims of accuracy or authentication of the material herein are made or may be assumed. Many of these records have been superseded by subsequent research. Hence, there are records which are erroneous and unreliable; it would have been a Herculean task to attempt to correct all of them. Fortunately, there are only a few critical genealogical facts that are involved, and which are correctly stated here:

- Richard (the Immigrant) Yarborough was never married to Frances Proctor;
- Ambrose Yarbrough did not immigrant from Yorkshire; he is now believed to be a descendant of Richard the Immigrant;
- There are so far only two proven sons of Old Richard John and Richard II;
- There is so far no evidence proving Joshua Yarborough I to be a descendant of Old Richard.
- The "Old Country" referred to in old documents and letters is the Colony of Virginia, not England or the Old World.
- There were not seven brothers who immigrated from "the old country"; in fact, it now appears there were three brothers and four sons of the brothers. Which were the fathers and which were the sons are so far unknown.

In spite of these inaccuracies, these records comprise much of our history and some of our accomplishments. There are pages whose print quality is so poor that word recognition was not possible. In spite of that, at least partial capability for searching these volumes is provided, as well as an index to each volume. Nonetheless, the viewer is cautioned to perform his/her own due diligence in connection with any use of this material.

The various spellings of the Yarbrough surname have never been applied consistently, even within a given family. To the extent possible, the names in the index reflect the names used on the source pages; where it wasn't clear as to which might be the proper spelling, the spelling used is "Yarbrough".

The material contained herein is subject to the copyright laws of the United States. Material may be freely used by Yarbrough family researchers so long as proper attribution to the Yarbrough Yarbrough is given. This material, in whole or in part, may not be used for any other purposes without the express written permission of the Yarbrough National Genealogical & Historical Association.

We welcome the <u>submission</u> of any Yarbrough family information that can be added to our growing data base. More information about the extended Yarbrough families can be found at our website, http://www.yarbroughfamiy.org. If you are a Yarbrough or a member of one of our allied families, we invite you to join our family association.

Dear .r. Joyner,

Thank you for your most interesting letter. receive your second one; but once again, I wish I had more to tell you than I have. It is my belief that our Yarboroughe came to South Caroline with one Reedham Lee, who came here from orth-Carolina shortly after the American Revolution. I have a copy of his pension application for service in the American Revolution. He owned a mill in what is now lower Morence County. Certainly what you have researched and what I have only from a family Eitle and family tradition. Yes, the William Yarborough of the 1250 Williamsburg County census is "mine". My aunt left my her Lible which states that John Yarborough and his wife Susannah Came briginally from Virginia, by way of Kentucky and Goldsboro, Forth Carolina, where they remained for anly a few years, settling at Cowards, S.C., where they remained until their deaths. He was trial justice of Cowards for many years. daughters were: John, Jr.; William, who married Hannah Jordan of of Cane Branch; Elizabeth who married Wesley McCutchen of Lake City; Mancy, who married Joshua Hyman of Hyman (Florence County); Catherine, who married Henry McKnight (they had no children); Duncan, who married Emily Galloway of Conway; John James who never married; Hannah Jane (born 1856-died March 31, 1938, age 82, married Daniel Lynch of Scranton. Of these I know so little, except that William, son of John, married Hannah Jordan and was my great grandfather. (Lewis) married Nany Ann Jernelia Farrott, born Sept. 20, 1855-aled Jan. 24, 1916. They had 14 children, of whom George Leon, born Oct. 4, 1898 died Nay 9, 1971, was my father.

I thought I had a copy of the abstracts of the early Virginia wills, and intended to look, but I really have not enough data to go on. If you learn of any connection between the two Yarboroughs to hear from you.

Sincerely, User Cally Elaine Y. Eaddy

Questions: 1 - Who were the parents of Thomas G?

2 - Where in Va. was he born?

3 -Who were the parents of Nancy?

4 -Who were the parents of Elizabeth Dukes? 5 - Do you know any one working on this family?

Family tradition says that the Yarboroughs of S.C. came there from Va. by way of Ky. and N.C. and came there with one Needham Lee, who was a Rev. War veteran.

I will reimburse you for any postage spent on sending me a reply.

Thank you, Vermelle Y. Socky P.O. Box 157 Goldenrod, Fla. 32733

THOMAS Y.

I am stuck with a Thomas Y that I know nothing about. The one census I've found my gm on (1880 Lee Co, MS) showed her father Thomas and mother Adoline b. in GA and she b in AL. The same census shows David Thomas Alexander and his father and mother b. in MS. My gf b 1778 said his "family" came from TN. My fathers name was James Walton Alexander. I suspect Walton was once a surname. Has anyone got records on Waltons in TN?

INTRODUCTION

Tryon County was formed in 1768 from Mecklenburg County, but actually did not take effect until in April 1769. The border line between North and South Carolina was not extended beyond the Catawba River until June 4, 1772. Prior to that survey, Tryon County's southern boundary was left open. The western boundary was established by the Indian boundary of 1767, running from White Oak Mountain in present Polk County, N. C. to a point on the Reedy River, on the present Laurens County-Greenville County, S. C. line. Therefore until the survey of June eastern boundary was the Catawba River. 4, 1772, Tryon County included all or part of the present S. C. counties of Greenville, Laurens, Spartanburg, Cherokee, Union, York and Chester. North and South Carolina had both been granting lands in this area since about 1752. The grants abstracted in this volume were determined to be in S. C. by deed references in the various S. C. counties, Land Memorials in the S. C. Archives, and by the locations described on the grants. There are probably other of these grants which fell into S. C. but were not recognized because of vague descriptions. As others are discovered, they will be included at the end of this volume or in an appendix to future similar volumes planned for Mecklenburg and Anson Counties.

Some explanation of the North Carolina land grants is necessary. Actual copies of grants were not kept by North Carolina, but "Minutes or Dockets" (abstracts). Plats and warrants are often not extant for these early grants. Some lands were entered, but for some reason grants were not issued. (All such lands are indicated by a file number beginning in "0".). Some have warrants extant, some plats, and even one has an original grant already made out. (See appendix.). Abstracts of all extant plats and warrants are contained in this volume. If no plat or warrant is extant, the grant was abstracted. Samples of each of the documents are in the appendix. Copies of any instrument are available from the Land Grant Clerk, Secretary of State, Raleigh, N. C. 27603, for \$.50 each. The file and book numbers in parentheses are duplicate grants for the same tract. The abbrevations CB, SC Bear, etc., signify chain bearers and are important personages, as they are often close neighbors or relatives of the grantee.

Pursuant to the survey of 1772, the grantees of N. C. lands that fell into S. C. petitioned the King in order not to lose their lands. This petition appears in the Colonial Records of North Carolina, IX, 1260-1263 and XI, 250-254, but some signatures were mis-transcribed. A copy obtained from the Britis Public Records office was supplied to me by Mr. Elmer Parker of Columbia, S. C. I have transcribed the signatures from this copy, and they are contained in the appendix.

All names in this volume are included in the index except for the surveyors governors, and persons named in documents in the appendix.

#### Dear Ophelia:

I have been sitting here working on the fgs of Lewis Yarbrough and the longer I've worked, the more confused I've become. Now I dispair of ever getting myself straightened out and I hope you can help. You refer to this Lewis as "Lewis Yarbrough #1" and I am enclosing your groupsheet so you will know who I am talking about.

## What I know about this man from the records:

- 1. He was the eldest son of William Y. When William joined the Rev. War, he took Lewis with him and Lewis was 16 years old at the time, making his birth ca 1763.
- 2. Lewis' Rev. War Service is pretty well established. From "Stub Entries to Indentures for Rev. Claims against S. Carolina, Books R-T, Salley, 1917:
  - No. 295 Issued First July 1785 to Mr. Lewis Yarborough, for Lib. T Twenty Three Pounds, 10/44 Stlg for 439 days duty in Capt. Tutt's Company in 1779 and 1780, as per Account Audited.

    Principal 23 pounds, 10/44 Annual Interest £ 1.12.11

(entry just before Lewis was that of William Yarboroughfather of Lewis)

- 3. Lewis and his father joined the Rev. War from South Carolina.
- 4. Lewis married Elizabeth Garrett in July, 1792 in Laurens District, SC. Elizabeth was 78 years old when she applied for the Rev. War pension in 1851, making her birth year ca 1773. Mr. Partride was minister who married them.
- 5. The first child of Lewis and Elizabeth was born in 1793 -- I don't have any of their children's names.
- 6. Lewis apparently lived in Georgia for awhile and then moved to Lincoln County, TN where he died 14 Jul 1831 (pension application of Elizabeth).
- 7. Lewis' pension & Rev. War records are on file in State of S.C.
- 8. On 3 June 1851, William Yarbrough, aged 66, a resident of Lincoln Co., TN made an affidavit on behalf of his brother Lewis' widow, Elizabeth (Garrett) Yarbrough. In this affidavit, William states:
  - a. Elizabeth is widow of Lewis & William has been acquainted with her since 1792 when Lewis went to Laurens District SC and married her. William says he was not at the marriage, but that Lewis left their father's house in Abbeville District, SC and returned after a few days with his wife.

#### Page 2

- b. William stated he was the 6th child of his father William Yarborugh 8 that he often heard his father say that he was an enlisted soldier from the state of South Carolina, that he enlisted for five years or the duration of the war, that when he enlisted he took with him his eldest son, Lewis Yarbrough who was affiant's (William's) oldest brother.
- c. William states that after the Rev. War, his father William moved to a place near where he had crossed the river in Ga while serving in the war. He states his brother, Lewis also moved to this area of Georgia.
- d. William says that Lewis died in Lincoln County, State of Tennessee sometime in the year 1831.

See 3 YFM 77 for this affidavit.

When I compared my groupsheet to yours, I got confused.

You show Lewis to be the son of RWS William and that he married Sally Elizabeth Garrett in July 1792. I've never seen Sally as Elizabeth's first name.

Now, here come the questions.

You list as your sources the 1820 and 1830 census of Lincoln Co.,  $\underline{\text{NC}}$  and also Lincoln and Tyron County NC Wills. Did the list of children come from a will?

In looking at the census records of NC, For Lincoln Co. I note that there is a Charles Yarborough listed in 1800 (011010000001-00);

1810 - Index Lewis Yarborough Wiatt Yarborough

1820 - Index Lewis Yarborough; Wiatt Yarborough Henry Yarber

1830 Census - family #164:

Lewis Yarbrough 1 male under 5 1 male 30-40 1 female 20-30

William and his son Lewis were already in SC in the period when they joined the Rev. War and this appears to be the line of Moses Y. (William being the son of Moses). After the Rev War, they both moved to GA (William and Lewis). Then sometime after that, Lewis went to Lincoln Co. TN where he died in 1831.

The Lewis on the 1830 census in NC is 30 to 40 years old in 1830 which would make his birth between 1790-1800.

Page 3

But, SC/GA/TN Lewis was b. ca 1763 and would have been in the 60-70 year old category on the 1830 census.

I do not have a list of the children of Lewis & Elizabeth (Garrett), so don't know if the list of children you are showing is his -- OR if they are the children for the Lincoln Co., NC Lewis. I feel almost sure that these are two separate Lewis Y's. I don't have anything at all that indicates that SC Lewis was ever in Lincoln Co., NC. It looks to me like someone has mixed up the Lincoln Co., NC and Lincoln Co., TN records.

I have only the census records from Lincoln Co., NC -- no other records from that county at all. Do you have a copy of the Lincoln Co. NC will? If you do, that might solve whose children these are listed.

I am sure your records are like mine --- I have a bunch of information that researchers have sent me without any verifying records at all --- and I seem to always be running into fgs's like this that start me asking questions.

There is one hope -- my cousin just recently moved to SC - Columbia - and she is right there with the archives. She has said that she will do some research for me when she gets a little more settled. YFM says that there are 37 pages of documents and letters in the file that contains the William Y. affidavit and maybe one of them lists the children of Lewis and Elizabeth. Maybe she will check for us.

Family researchers should be aware of boundary line changes that were made between North Carolina and Virginia, between North and South Carolina, and especially, in old Tryon County, N. C.

Briefly, the Caroline Grant was divided into North and South Carolina in 1729. Tryon County, N. C. was established 1768/69. from Anson County which in turn had been formed 1749 from Bladen County, N. C. Later, Tryon County was dissolved, with a part of it becoming Lincoln County, N. C.

Meanwhile, both North and South Carolina had been granting land along their mutual porder since 1752, with Tryon County's southern boundary left open and which, included the present day counties of Greenville, Laurens, Spartanburg, Cherokee, Union, York and Chester, South Carolina - all or in part.

On June 4, 1772 a survey was made to establish the boundary between the two states. Soon thereafter the people petitioned the King in an attempt to save their land because of the tangled state of affairs. Two strips of land eleven miles wide were exchanged to settle the boundary dispute. Anson and Mecklenburg County's in North Carolina lost a portion of their land which became a part of York County, South Carolina. To the north, along the line between North Carolina and Virginia, the people in the Virginia counties of Washington and Grayson were parttime residents of North Carolina until a new boundary line was established.

These records in various places yet Yarborough and Kuykendall, each married to a Hartgrove woman, may have lived as neighbors and continuous owners of acreage in the area known as old Tryon County, N.C. Boundaries were changed, new counties formed, but the location may have remained the same.

#### FOREWORD

THIS FOREWORD SHOULD be considered rather as an advertisement like those appearing in books published during the time when passports were necessary to enter the southeastern territories. For, reader, I wish to commend this book to your

Let us hope that in the 20th terms of the first source can begin to fulfill the need to organize and publish documented, annotated source

material which we so much need.

The very names of those who came into the region are hard to find. But in this work are the names of the famous and the obscure. But not only names, information as well. There will be those who are fortunate to find not only where their forebears went but where they came from and even some idea of their purposes.

Reader, look and find here not only fact but information.
