Dedication

Whether we wish to admit it or not, we are the future of our ancestors, as our descendants are our future. We owe our descendants our dreams and bequeath to them the legacy of our collective accomplishments – nothing more and nothing less. To our descendants, we charge you with the honoring of your heritage. Your ancestors were hardy folk, god-fearing and plain spoken, and who recognized that nothing was due them except that which they themselves earned. They were not ashamed to profess their belief in God, their country and the American ideal. Of course, there were a few rascallions in our collective history, but neither more nor less than in any other family.

We too easily forget what it took to forge a life in a new world, one rife with peril and with little at hand but a steadfast determination to not only survive but to thrive. Our ancestors bequeathed us with their genes, aspirations and talents. It is therefore fitting that the Blandford Series of Yarbrough Family Records be dedicated to them for making it possible for us to be who we are.

To paraphrase Robert Kincaid¹, “The dreams they had were good ones. They didn’t all come true, but they were worth having, all the same.”

Acknowledgement

The Yarbrough Association is greatly indebted to the vision and efforts of Cathy Y. Walker and William A. (Bill) Yarbrough, the late president and vice-president of the YNGHA, respectively, for beginning the project to digitize the 150+ volumes of records accumulated over the life of the Association. Fulfilment of the project was through the efforts of a number of officers and members, including Bill’s son Mark, Rachel and Don Yarbrough, Hal Yarbrough, Jan and Jim Yarbrough, Ann and Al Bush, Elaine and Lyle Wolf, Joan Y. Singlaub, and Joanne and Bill Augspurger.

It was my privilege to be a part of this dedicated team.

Preface

These records are the legacy of our Yarbrough family researchers, to whom much is owed. The known family researchers include Jean Baker, Ann Y. Broadbent, Mary Y. Daniel, Frances (Rea) Donohue, Betty Humrighouse, Pauline Gray, Evelyn Goble, Nelle Morris Jenkins, Ophelia Kessler, Frances Lockwood, Karen Mazock Renee Smelley, Dorothy Svec, Jeanette Wilson, Cleveland “Cy” Yarborough, Edna Yarborough, George A. Yarborough, and Robert Price Yarborough.

The originals of these volumes are being kept for the benefit of future generations by the Williamson County Library, Franklin, Tennessee.

No claims of accuracy or authentication of the material herein are made or may be assumed. Many of these records have been superseded by subsequent research. Hence, there are records which are erroneous and unreliable; it would have been a Herculean task to attempt to correct all of them. Fortunately, there are only a few critical genealogical facts that are involved, and which are correctly stated here:

- Richard (the Immigrant) Yarborough was never married to Frances Proctor;
- Ambrose Yarborough did not immigrate from Yorkshire; he is now believed to be a descendant of Richard the Immigrant;
- There are so far only two proven sons of Old Richard – John and Richard II;
- There is so far no evidence proving Joshua Yarborough I to be a descendant of Old Richard.
- The “Old Country” referred to in old documents and letters is the Colony of Virginia, not England or the Old World.
- There were not seven brothers who immigrated from “the old country”; in fact, it now appears there were three brothers and four sons of the brothers. Which were the fathers and which were the sons are so far unknown.

In spite of these inaccuracies, these records comprise much of our history and some of our accomplishments. There are pages whose print quality is so poor that word recognition was not possible. In spite of that, at least partial capability for searching these volumes is provided, as well as an index to each volume. Nonetheless, the viewer is cautioned to perform his/her own due diligence in connection with any use of this material.

The various spellings of the Yarbrough surname have never been applied consistently, even within a given family. To the extent possible, the names in the index reflect the names used on the source pages; where it wasn't clear as to which might be the proper spelling, the spelling used is “Yarbrough”.

The material contained herein is subject to the copyright laws of the United States. Material may be freely used by Yarbrough family researchers so long as proper attribution to the [Yarbrough National Genealogical & Historical Association, Inc.](#) is given. This material, in whole or in part, may not be used for any other purposes without the express written permission of the Yarbrough National Genealogical & Historical Association.

We welcome the [submission](#) of any Yarbrough family information that can be added to our growing data base. More information about the extended Yarbrough families can be found at our website, <http://www.yarbroughfamily.org>. If you are a Yarbrough or a member of one of our allied families, we invite you to [join our family association](#).

Dear Cousin Ophelia:

Yep, its that guy that doesn't write very often. But I think you can see from the enclosed that I have been busy. I finally got all the 1900 Texas Census that you sent, entered into my computer.

I am enclosing hopefully just the data sheets on families and not on each individual. This also should leave them almost in alphabetical order just as they were in the census. Since I was only able to connect three or four to people already in my computer, I am sending these draft copies to you in case you run out of something to work on. I have included the few other sheets that I was able to connect and included the pedigree on the back. Also there are a few sheets at the beginning that are not in the alphabetic listing that I am working on with Karen. Hopefully, she will again have access to a computer on her new job and we will be printing and sending to you, The Yarbrough Encyclopedia of family group sheets on each individual in alphabetic order with pedigree charts. The reason I am sending these in draft is because of my printing time. In draft it only takes about three hours to print all that I have enclosed but in near letter quality printing it would have taken about 10 hours to print plus another 15 hours if I had included all the pedigree sheets. Karen had access to a high speed, hi quality printer at work that I think spits out about 15 or more sheets per minute, which would have printed all of this in 20 minutes plus it would have a better quality than even this letter which I printed in my near letter quality (NLQ) in contrast to the draft quality of all the enclosed sheets.

Don't worry about keeping these sheets in your notebooks because after I get as many corrections and connections as I can, I will be sending them to Karen to print and send you a copy with pedigrees or if she doesn't have access to a computer again, then I will find some other way to get them printed and get both of you copies. Just use these to mark up or connect to other copies of data sheets that you can send to me as you have time.

I have only listed the name source since all of the information on most sheets came from the one source, however when I receive additional information from other sources, I list each bit of data connected to its source. In all there are 8 items covered. (1)name, (2)date of birth, (3)place of birth, (4)death, (5)place of death, (6)father, (7)mother, (8)other, along with marriage records, wills, burial, immigration and history records.

I know more of these sheets can be connect to the fathers but I

cannot identify them from the census and I hope you can. Since this is my first big jump into Texas I hope you can just set these aside and work on them when you have a little spare time. It would be helpful if you returned any of the sheets marked-up so I will have my computer number on each person along with the name as I have it listed. Its sometime difficult to find someone after a name has been corrected and there are lots of individuals listed in here by initials only and others, probably by nick names. Plus others just scattered about.

This reminds me, you might want to attach a note to this census by Dorothy Bearden Heaner because some of it gets quite confusing in the way that the Yarbroughs have been pulled out of households which were headed by persons other than Yarbroughs. They are now listed as the head of the household in that the census numbers indicate the head of the household. Many are just minor children but now they are listed alphabetically and appear as head of household. Also the relationship has been copied exactly as it were in the original census thus making the relationship backwards to the head of the household. When the original non Yarbrough head of the household was the mother-in-law of a Yarbrough and you reverse the situation to list the Yarbrough alphabetically making the Yarbrough appear as the head of the household then the relationship needs to be reversed. I have found husband and wife which cannot be connected together unless you happen to notice that they were listed living in the same household--see M.R. Yarbrough with John Lang living in home. Jane Y. is apparently his wife. And John Lang was apparently the head of the household. Also the see the children living in Buckner Orphans Home. There are lots of in-laws and neices and nephews that I did not include because I had no way of connecting them in the computer and if they are not Yarbroughs they tend to get lost. Normally I list the children of a Yarbrough girl even though she marries someone other than a Yarbrough and I list ancestors, when available, of everyone.

If you have any other census list, I would sure like to have copies of them, especially Texas, then maybe I could connect up some of these and find other children who had moved out of the home at the time of the census.

Guess thats it for now and I'll get back to work on some of the other information that you have sent me in the past.

Sincerely yours;

Warren

Searching for Indexed Terms¹

First, find the name or phrase (search term) in the index. Then, from the menu bar, select “Edit”, and then “Find” or press CTRL+F. A search field will appear in the upper right corner of the page. Enter the search term into this field and press ENTER. If the search term is not found, nothing will happen; otherwise, the search term will be displayed on the first page in which it occurs. Repeated pressing of the ENTER key will high-light other occurrences within the file. Use the left and right arrow buttons to the right of the search field to look ahead or to look backwards for other occurrences of the term in the document

A directory (folder) or even an entire hard drive may also be searched². First, high-light the selected folder or drive and then press SHIFT+CTRL+F to obtain a listing of all the files in which the search term appears. Next, select and open an individual file to find the first occurrence of the search term(s) in the file, as described in the preceding paragraph.

¹ In order for the search feature of Adobe Acrobat® Reader to be enabled, a certain level of document legibility is required. That is, post-scanning processing cannot overcome poor print quality of an original document. With this caveat, each volume has been made searchable by Adobe Acrobat, version 9 or later.

² This may take quite some time, depending on the size of files contained therein.
