Dedication

Whether we wish to admit it or not, we are the future of our ancestors, as our descendants are our future. We owe our descendants our dreams and bequeath to them the legacy of our collective accomplishments – nothing more and nothing less. To our descendants, we charge you with the honoring of your heritage. Your ancestors were hardy folk, god-fearing and plain spoken, and who recognized that nothing was due them except that which they themselves earned. They were not ashamed to profess their belief in God, their country and the American ideal. Of course, there were a few rapscallions in our collective history, but neither more nor less than in any other family.

We too easily forget what it took to forge a life in a new world, one rife with peril and with little at hand but a steadfast determination to not only survive but to thrive. Our ancestors bequeathed us with their genes, aspirations and talents. It is therefore fitting that the Blandford Series of Yarbrough Family Records be dedicated to them for making it possible for us to be who we are.

To paraphrase Robert Kincaid¹, "The dreams they had were good ones. They didn't all come true, but they were worth having, all the same."

Acknowledgement

The Yarbrough Association is greatly indebted to the vision and efforts of Cathy Y. Walker and William A. (Bill) Yarbrough, the late president and vice-president of the YNGHA, respectively, for beginning the project to digitize the 150+ volumes of records accumulated over the life of the Association. Fulfilment of the project was through the efforts of a number of officers and members, including Bill's son Mark, Rachel and Don Yarbrough, Hal Yarbrough, Jan and Jim Yarbrough, Ann and Al Bush, Elaine and Lyle Wolf, Joan Y. Singlaub, and Joanne and Bill Augspurger.

It was my privilege to be a part of this dedicated team.

Preface

This volume is part of the family records of Marie Yarbrough Schaeffer, who has graciously provided them to the YNGHA. This and the other volumes of the Yarbrough Family Records are being kept for the benefit of future generations by the Williamson County Library, Franklin, Tennessee.

No claims of accuracy or authentication of the material herein are made or may be assumed. Many of these records have been superseded by subsequent research. Hence, there are records which are erroneous and unreliable; it would have been a Herculean task to attempt to correct all of them. Fortunately, there are only a few critical genealogical facts that are involved, and which are correctly stated here:

- Richard (the Immigrant) Yarborough was never married to Frances Proctor;
- Ambrose Yarbrough did not immigrant from Yorkshire; he is now believed to be a descendant of Richard the Immigrant;
- There are so far only two proven sons of Old Richard John and Richard II;
- There is so far no evidence proving Joshua Yarborough I to be a descendant of Old Richard.
- The "Old Country" referred to in old documents and letters is the Colony of Virginia, not England or the Old World.
- There were not seven brothers who immigrated from "the old country"; in fact, it now appears there were three brothers and four sons of the brothers. Which were the fathers and which were the sons are so far unknown.

In spite of these inaccuracies, these records comprise much of our history and some of our accomplishments. There are pages whose print quality is so poor that word recognition was not possible. In spite of that, at least partial capability for searching these volumes is provided, as well as an index to each volume. Nonetheless, the viewer is cautioned to perform his/her own due diligence in connection with any use of this material.

The various spellings of the Yarbrough surname have never been applied consistently, even within a given family. To the extent possible, the names in the index reflect the names used on the source pages; where it wasn't clear as to which might be the proper spelling, the spelling used is "Yarbrough".

The material contained herein is subject to the copyright laws of the United States. Material may be freely used by Yarbrough family researchers so long as proper attribution to the <u>Yarbrough National Genealogical & Historical Association, Inc.</u> is given. This material, in whole or in part, may not be used for any other purposes without the express written permission of the Yarbrough National Genealogical & Historical Association.

We welcome the <u>submission</u> of any Yarbrough family information that can be added to our growing data base. More information about the extended Yarbrough families can be found at our website, http://www.yarbroughfamiy.org. If you are a Yarbrough or a member of one of our allied families, we invite you to join our family association.

Traveling in a Covered Wagon Jarene Dan Farene, you asked me to write up for you the account of my family's moving West-ward in our covered Wagons; I found in some of my, ald keepsake pakers the following in precious, little mather's own handwelting; We left Hackberry, Jenn " Ist. Nov. 1910 and arrived at Jonesbaro, ark. the 30th of Dec, Cost each day 2.56. (This was for feed for 5 horses and our family of then We stayed all night in ith your family; Quent Ilna and Uncle Mose Davis, and you children, you were past I yer, of age and I was from 5th to how. Ist. past 4 yrs. of age, The next marning, Mov. 1, 1916, all of us children washed our faces in the creek by your house, so the men falk could have the wash-basins to use, I thought that was the grandest thing. after breakfast, we got into two covered wagons which had been in the processfor many week had been in preparation for our moving west. Our father was a blacksmith and knew Jenery piece of timber & all metal parts of a wagon; so he had placed a hors Grough on the back of each wagon in which to feed his horses lack night.

also, since he had a beautiful, registeres sarrel stallion, named Jom, he put a strong, metal bar beside the trough o. the lead wagon to tie Jom's tie Rope I so he could lead him. When we pulled out from your family home that marning, we intended to go to Sardis, aklahoma, However, on the 20 day of December, we kulled into Jonesbore arkansas and when we went into a sta to buy graceries and harse feed our da (as he did everywhere he stopped asked the proprietar of the store about the la. & people, church and schools of the surrounding area. Well, that storekeeper was one solid booster of his community and he finally got Dad to agree to camp tha night just outside Jonesboro and go look at farmland the next day. This we did, The nest afternoon when Dad, and Clau Claude drove the Ind wagon & he was only sayers, old and Jewel, and the starekeeper got back to our camp in Jonesbaro, Dad was just carried away with the richness of the soil of had found a farm far sai out one mile from Egypt, Askansas The nest day, he bought the farm and we moved out there, set up our tent, cleaned, mopped, & scrubbled & scalded

the floors just plain foure planks of a 1- Room (supposed to be house, the only building on that farm. So we stopped in alkansas, at Egypt in the Promised Lan as it was called locally. Immediately, Dad & the boys began clearing the 10 acres of wooded land to have sawed into timber to build a chouse before time to plant crops. I got my first experience of genuine homesickn I cried and cried & begged to go home, Mather tried to console me by telling me that that was our new home, but & Wanted my Tennessee home. The land peroved to be all the Jonesbor starekeeper had claimed it to be Wardens and crops were super and our parents were elated; but that part of the coun had not been drained like it is today. In while the soil was Virgin, fertile soil the best Lue ever seen) there were swampes & cancerakes not far away where mosquital bred in multitudes, malaria was rampan Men warm weather came, All of us, except Mather, came down with malaria Never a day went by that from one to five of us wasn't in bed with a che Some of us had everyday chills and Jever; some af us had avery ather day

shills + fever. It was harrible; but still no mention of leaving ever came up. of our farm, had a church, generalhouseson store and a Dr. The Dr. kept telling, " that when our systems adjusted to the climate, we'd probably overcome the malare We stayed there nearly six years + Had was getting weaker all time, & Genally the Dr. told him he'd have to move ar dil. What quantities of Quinine in consumed these again, enerything was sold. Two wagons were thoroughly repaired. Two heavy canvas Wagon sheets were boiled in linked oil s. they sure wouldn't leak. Hooks to hald up the sheet coverings were conditioned, the wagons packed with trunks of clothing bedding, with cooking utensils of camping stone, and whatever was absolutely essential, I tapped by feather beds (modern day mattresse were unknown then, Polly Anna and Marion Leonard had arreved while we were in Arkansag, so is Was a family of eight that kulled out destination. However, some of us wanted to go back to Tennessee and some wanted to go on west. After much discussion, it

" was agreed that we'd drive down the lane leading from the house to the main road No highways in those days- just dist roads + before we reached the main road Dad would slow the harses, lay down his driving reins, and Not say "See" ar "How" but let the harses turn whichever way they would and that would be where wed go Well, they pulled out of turned west, so we set aut for aklahoma, again Dad drove the lead wagon, Old Tom, the stallion, was tied to the back of it, Then Claude drove the 2nd, wagon & followed, He was 17 then Here is mother's record of this trip in he own handwriting, at was later in Mov. who Nov. 22, 1915 Camped Monday night half mile this side Swifton". This was still in Arkansas. "nov, 23, Tuesday night this side of Mewfor on White River. Mednesday night-close to a spring, Set tent on hillside. nov. 25, Thursday night by creekthe night of storm! I add here, and What a starm. We never got the tent set up. Du get the horses unharnessed & fed & had sandwiches & milk. By then the starm wa raging. Claude & Jewel stayed in their wagon & the rest of us huddled together

Sin our wagon, at times, the wagon rockes With the wind + Dad wondered if it Would be best to loose the horses bui feared hed never see them again if he did, so he didn't, Finally, the storm subsided but no one slept well that night, except Polly & Leonard who wer How small to realize what was happen. Back to Mother's Record; Mor 26. Friday night camped at negr Spring, Mov, 27. Saturday night near the all-backelo — this side of bayou. Nov. 28. Sunday night camped in Elevander field the usually rested on Sunday, but not too Creek on a kill, where Cloude tried to being Joe know in the time of creation, according to the book of Genesis, God made All thing after its own kind; Well, within us allthat instinct to be with our own kind Do as we traveled, each day about three o'clack, we'd begin looking for a place to camp near a town, ar that being impos ble, at least near a farnchouse, bath of which were few and far-between" in those dayse Well, this evening we stop

I near a farmhouse therause we feared this one would be the last one well see before dark and we Never drove after dark. We had plenty of food for ourselve but needed hay for the soo Sad thought Claude should begin learning responsibility for purchasing things, so sent him up h the farm house to buy hay for the horse that night. Remember that Claude was a short, little guy, and consequently, the me thought he was just a kid " (though he wa maybe between 14 and 19:42, of age and se fused to sell him any hay, Claude, who was sensitive about his lack of height since Jewel Was taller than he, came ba to camp really hust. So Dad Went up I. the farmhouse to explain and the farm (or whatever he was) was really scared of us because we had two heagons is stead of one. after Dad explained who We weregand assured him we were has less travelers, he sold Dad the hay. my father really loved his horses and took the best of care of them. He never ma them that in harness. He kept them walking at a brisk pace; but they were made to trot only when he knew met towny before dark.

Dov. 30. Tuesday night, Camped in ald Din Dec. 1. Wednesday night, Camped 7 miles this lot, side Little Rock, ark." The reason Little Rock is mentioned here is because we knew it was the capital of Arkansas, + since the only paved road wed driven on since we left Tennessee was Imile down the Main Street in Memphis, Jens as we were going to arkansas; we though that since Gittle Rock was the capital that we might drive on some more paved Goad, and that was an experien indeed to both us and the harses, In fact, Dad had had to have mother I few drive the lead wagon & he had to ride ald Tom through Memphis, However, we were disappointed in Gittle Rock because it had No paving (915) So the mile of paving we drove on the Sirrough memphis was Astronomy we drove on the son the s side of May flower, ark, in the mountains. Dec. 3. Firiday night, at Gleson close to Cavern. Saturday night. Camped at Hermantown, Ask! the usually camped about manlown, Ark. pitched the tent, got moon on Saturdays, kitched the tent, got waste the Mo. 3 gine wash-tub out, kealed water on campfire, I we all took baths, change on campfire, then washed up the clothes clothes

Ywed taken off and stayed camped over Sunday to rest the Harses, However, we ran into a peculiarity in Germantown tha we'd rever heard of, or anticipated befor The water in that town both tasted fact like Epsom Dalts. It was too late to try to make it to the next town before dans so we had to camp there at least over night, Oh, how we kids fussed that nig. about that water + our parents didn't like it any better; so mather made Coff to try to kill the taste; (We children wer never allowed to drink coffee as a usua Thing; but that was not the usual thing about sundown, a friendly soul came out to our camp + Bad asked him why the people who lived there did so an drank that awful water. He said, Wel after your system adjusts to this Water action, you sarter get used to its tast Gad said, Do you mean that This wate. acts like opsom Salts the same as tasting that way?" The native said, Sur does! Well, after he left, Lad told all of us to drink no more coffee + We all aleyed. He didn't drink anymore either even though he was one of these people who think they cannot live without their coffee, Well, about might might, we found out the the native had not misrepresented that

a water, so we didn't have to warry abou getting up larly the next marking to get Ian larly start, we evere up. and when we got to the neft towns, Dec. 5. Sunday night. Campel this side Dardanelle. He was not stayed in Campthis Sund. "Dec. 6. 111/012day night - by creek at school. house, "This is where we children were so threlled to find rocks to play with. Where we had lived down in the lowlands of arkansas, there were no rocks, so we played with those pretty rocksuntil dusk dark that evening + evanted to take the with us, but Dad said; no. They belonged to the land + whoever owned the land, The saw a lat of rocks later on but the evere not as pretty as these first ones de facild, Lec. 7, Tuesday night Compedat Magazine ark. Dec. 8, Wednesday night, Camped 3 mile the side of Boonevelle, ark. Dic. 9. Thursday night. Itill camped at same place. The reason was that what over creek as siver ine tied camped by was overflowing Thurs day morning when we wast up, Tad had inquired labout that stream the night before of hasties, -told that it after flowed from waters

In most of the water was backup water and meither swift nor dangerous, but the the mainstream was both swift and dangerous, so we stayed in camp I watched those flood waters very appre. ninsively worndering if they reach our campaite of course Had thet inquiring of the people there about what to effect and they assured him that there wa no danger, When me suche, I siday marning the wite was subseding but still Tho high that mother of we children wer frightened stiff at the thought of die ing into that meddy until even though Dad was setermined to be or - out way. So he wint back to the boca - people to inquiel surther, Fe was toed that if we pit the bridge that wa -acrose the main stream - wied make in but that if we didn't will be washed away lar sure, and there ". NC. Each as Ilancisters on the lindge Well, I ad stood it broked acress that mude water & thought a while, Then he riked one of the native men if he could find that beridge if he wan. to cross that stream, The man be sponded that he could, become hid

12, lived there all his life but that he sure would not advise a stranger to try it and especially not wagons with a family, Lad was so anxious to be on his way so he hired that man to ride across that water and show him fust where that livinge was, He stood and watched the man and got in his mind just where it was Then he faid the native many got en old Tom and rode across the water -just like the natice man had an returned. Mexit, we rearranged the con tents in the ringens so as to get all would hit the major. Then came inituations to All of us; we were to keep quiet, so the passes would have No -dietraction in am way but would be sur to hear every "See" and "How given them, Claude was young, but he was driving the older, heard experienced team, so the I fund were assured that their tiam, in acid swins to safety (Vicionder to the day if I and believed that if any thing by stay with their wagen than, and to I supe to follow riskin agon exostly and is

The across that stream on our way no Win a few minutes, Mow that sounded If good to me, but when I looked at Mathe something in her face even though I Swas fust a young child, said, "Danger" lo Sand clear, get, she said not a word on Shadn't said anything after her first Seffort to dissuade Lad from tackling that classing, mother took marion Genard on her la, The placed Pally on my lap and cautioned I us all to the Quiet like papa had sais Honestly that wasn't hard to do at all We were too scared to do atherwise for we were strictly-disciplined children as Jenew that we apiged our parints no matter what, Ind tied ald Tom up sharter to the wage at the fied trough wehind, got into the Wigon and into that water we drove, so carefully, so quietly and so cautiously that if andmals can sense their owners feelin em suice acce fiarses felt dads confidence in what he was doing for they responded to every neovement of his lines & see hit that bridge, and over we went though none it us ever saw it, we heard the houts of the parses or it, When we were across, Sid went - out, stapped gave Mather the lines to our

front team and went back to see how clause of Jewel were. They were fine with no was inside their Wagon; so he came back and we moved on our way, He said, Otto all over now, children, you can talk all you please" Done how, no one wanted to talk fo an hour or two. He just drove along Ich with our own thoughts, "Dec. 16. Friday night, Camped within Imiles of Mansfield." Ithen we stopped & got our tent up, all was normal again. Dec. 11. L'aturday night, Camped just out. Dec, 12, Sunday night, Camped & mile from Howe, aplanoma, The were sially excited the evening because wid he crossing the star line into Oklahoma the next morning. He's been sky king our Dunday tests in adder I truly riong because wenter well be descending pretty soon and we were nat in appla tite We had so much frontier history & Four heads about Fridiansthat we hea thought they were till wearing feather Florents + Tealping white fraple. The the whole trip matine always arese for fare she is Exercel the family, Then the

15. call us all + till us to get washed up for breakfast & get ourselves ready to travel. But this evening the Said, Papa, you & the boys better get up with ne in the musing Lecause thase Chlahama Indians will probably be stalking us from the time we enter Thela Dad replied, Sure, and all of you the the top wiles their queres, The classed into aplationa without su ing anything that indicated we had by Arkansas except the sign that said Eliklahoma Atate line, We kept talking about how to cope with the Indians when we insountered them, about 10:00 oclock in. we pulled in Home, Capia, and stapped at the Genera Stare to stack up in graceries, kurason for our lanterns we hung in the for the tracker, this was a Monday Dec. 13, 1915. When we stopped, we noticed a man standing with his back toward us talking with another man. He was wearing overalles + a black Cowle

When Dad come back to our wagon, he chin ed in and said, now, children, mind you manners, and do Not stare, + if you wish to say anything, do so in a Voice low enough that no one can hear it but your mother + I. We are al mistaken about the Indians. They are Not wild people anymore. That man over there in the overalls + cowlog hat is a fullblood Indian! Mother said, Lurely not. Iho said so While Gula & Dwould look at the man in wide-eyed disbelief, then look elsewhere minute, I look tack at him again, quite happy that we were not so likely to get scalped. Dad answered mather, "The starekesper san the Didiance wire as tame as we are if you treat them right they're loyal "He fulled out of Howe, faraled the Poteau River (it wasn't at flood stage, Tha. Godd Hent on through Summerfield and camped. He were once again our norm selves relieved from our apprehension about the Indiana, so we all slight well Liec. 14, Juesday, Through Le Flare and Benga and camped. Dec. 15. Wednesday, He crossed the Handing tair mountain, went through Talihant, Or

7. our Dad tackled and conquered; but Gracious! This time, we All were Shoust (even the horses) by night. Before we bron camp this morning, Dad asked a native Sardis (we knew we hiere hearing Sura without going all the way asound that mountain looming up lin front of le He was told, Mo, No way except to go over the mountain, which no wagon had ever done," Why not?"
"Because", replied the native man, "Ther is no road over that mountain," Lad said, "It looks like away up on the side, there is a road" The native said, Hurveyors are alor finished with clearing a Right-of was for a road and they have Surveyors Stakes all across the clearing, That's what you're seeing! Dad said to shother, I know we ca. make it and it will save a lot of mother answered, Frank we better might be better in the long run, The native Land, "man, you'll neve get those wegons across that moun -Itain, There are still great boulders

of rocks in that Right-of-way clearing." But Dad said, " Think it will sauce us a day's drive any way", so up the mountain we went, she hadn't got very far until we had to stop and Dad t the boys removed derush that had been left on the Right of - way, We were literally bouncing from one rock to another, so mather asked Dad to let us walk-be-- cause it was all we could do to kiep from being thrown from side to side in the wagon, So we got out and walked across that mountain, marion Fionard was too small to walk much, so mother would carry him until shed give out, then I'd carry him until I'd give out, there held walk a short bit wite Lus Mading him, After which wed repeat the same & sociedure, When the wagons heached racks too trig to be pulled over, or linesh or log. were in the road and there was no way where the team of wagon could be driven around them, Dad & the boys would stop + remove the obstacle of well means on again. The wagons we he welly Loaded, so both the horses and mather and we children were really quite glad where wed trave to ste

19. We got to rest; but we didn't realize how hard Dad & the boys were warken Finally we reached the top, What a rewarding view of primitive scenery we had! The could see for miles and miles, and miles in all directions no houses, just nothing but beautiful forests, We had a bite of lunch, congratulates ourselves that weld done Something the natives thought impossible an began our trek down that Winding Stail Mountain, about 3:00 p.m. we take at the bottom and on our way into Talihani, There we restocked necessities an drove out a few miles and compel. Talk about sore muscles! We All had them, We were used to riding, not Walke and Lax, + Jewel & Claude where definitely Right-of-way, at Rolling logs out of it or browns brush piles, Thursday. Dec. 16, me passed through Allion, and Kiamicki and camped clar to the home of a night whose wife Was an Indian, a gain, we saw an End in a civilized, donzesticated setication so our fear of Indians was gradually beginning to vanish.

Sic. M. Friday. Through Turkahoma
and Dardis Called by all local people Bunc.
Town's and camped, "We inquired

Valout a Mr. Jeff Drines and how we could reach his home from Sardis, W. were told that his farm was 4 miles aux at the foot of middle mountain where middle mountain and Walle mountain met to form the Marrows, but that we would not have to go through the narrows of course, we wanted to know just what the marrows were. We were told that the east end of middle mounta ended where Jack Fork Creek flowed arous it and that the foot of Walfe Mountain came down so Close to Jack Falk Creck on the other side that there was only enough room between the foot of Wal mountain of the bank of Jack Hark Creek for a team + wagon to get throw, so that pass between the mountains was called the Darrows quite afthy name too for the creek had wasked out it's ban, real deeply right up against the road on one side and Walfe Mit, was right again the road on the other side. Dec. 18. Saturday, We got up early bather get all ready to go on to the Frimes home. (Matter had known Fannie Black in Tenn, V Lad had known Jeff Grimls in Tenn, when they were growing up, Ichen they were growing up, when they then they left Jenn & came out to aklahoma + had written my paren all about aklahoma). So we were all sportes about leeing Tennessee friends and ending

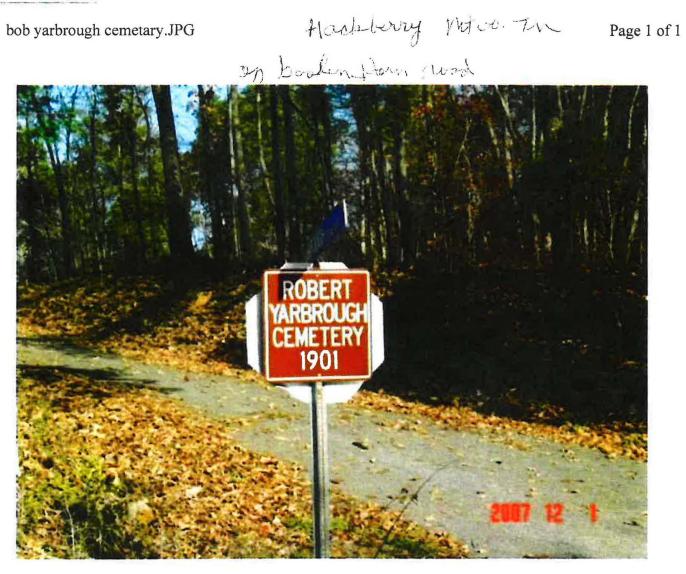

Four traveling and get settled back to living When we drove up in front of the Frimes home (one of their friends had been in Sardis the evering before + had overheard Dad inquering, about how to get to the Trimes home & had stoken by I told them what he had heard + Ims. & mrs. Itimes know we were the at last, Mather of Dad had written the consumere along the way that well headed far aklanomat would be seeing them hapefully before Winter) there stood the whole family of all the Fround dogs Mir. Grines love hounds a well as our gad loved horses to welcom us, My. What a reunion of Friends! Both families " soed & ahid "about the others children q asked one another a fillion Questions about each athers families. he calisted in the Fourteenth Regiment Tennessee Confederate.
Infantry, and served with his command in all the battles in which it was engaged, including Cedar Run, Seven Pines, Petersburg, Richmond and Manassas. He was captured at his home by Federal troops, and was held as prisoner of war in the following places: Nashville, Louisville, Baltimore, Fortress Monroe, and lastly at Petersburg, where he was exchanged in 1863 and returned home.

Francis M. Yarbrough was born in this county and State November 5, 1832. He is the fourth of ten children born to John and Mary (Vaughn): Yarbrough. His parents were natives of Virginia and Tennessee, and died in 1856 and 1857, respectively. Our subject was united in marriage to Miss C. Davis, May 1, 1856. She was a native of Tennessea. born February 13, 1838. She is the youngest of fourteen children born to Joseph and Elizabeth (Martin) Davis, who were natives of this county and State. Mrs. Yarbrough died in 1882. To our subject and wife were born eight children: David L., Josiah, John R., William H., Bailey, Louisa, Milton M. and Ada. Bailey died in 1869, Josiah died in 1882. Mr. Yarbrough is of English descent, and was educated in the common schools of the county. He is a member of the Cumberland Presbyterian Church, and a stanch Democrat. His boys manage the home farm, while he is principally engaged in working at his trade, blacksmithing and wagon-making. He is also a prominent contractor on the Louisville & Nashville Railroad.

Col. William F. Young, an ex-Confederate soldier, is a native of Kentucky, born near Bowling Green March 26, 1830. He is the youngest of five children, and of English descent. His father, Elliott Young, was born in Dinwiddie County, Va., in 1791. He was a soldier in the war of 1812, and a son of Tinsley Young, who served more than four years in the Revolutionary war. He was a man of much worth, and was distinguished for his patriotism. He died in 1828. Our subject's mother was Martha (Kidd) Young, born in Amelia County, Va., in 1792. In the latter part of 1828 the family came to Kentucky, where they resided until 1832, and then came to Tennessee, and settled northeast of Clarksville, where they lived until 1840. The father then sold out and purchased another farm in District No. 8, and here they lived and educated their children at the Mount Pleasant school. Here it was that William F. Young received an education that laid the founds.

ROBERTSON COUNTY

CIVIL WAR LETTER HENRY YARBROUGH TO C. C. COCKE

The following letter is a copy of the original one written by Henry Yarbrough of Humphreys County, to his son-in-law, Christopher Corlew Cocke, of Montgomery County, in the year 1861. This letter is owned at the present time by his granddaughter, Mrs. L. H. Clinard, Springfield, Tennessee.

Copied by Mrs. Louise M. Herndon, Springfield, Tennessee - December 1, 1938.

C. C. Cocke Pleasant Mound, Tenn.

Dec. 27/61.

Chris.

Our family is tolerable well. The boys (our negroes) have had chills, but I have missed them.

I wrote you the day of our drawing, but have not received your answer.

Our soldiers are at Fort Donaldson. Mike Hunt died at Fort Donalson on the 24th. and was buried today at L. C. M. Lewis. Esq. Patterson died at the fort the same day Mr. Hunt died.

Mrs. Reid Booker died Saturday before last, and today they buried Mrs. Jarrell. All died with pneumonia.

I expect Sally to come to Montgomery, so our place will be to let out.

I have just finished gathering corn, made the rise of 500 barrells by actual measurement.

I have not killed my hogs yet. Will kill next week if we have a spell to suit.

We have had a draft among the negroes here to go to Fort Donaldson to ditch. They made a call for 130 from this County, and when they were counted up, there was but 146 in the County. Esq. C. E. Harris detailed every negro in the County, leaving one at every place where they have negroes. So there was 3 of mine detailed to go. I was a little too sharp for them. I called in Dr. Wilkerson, gave them some physic, and then gave me a certificate. I enclosed it to Gen. Tillman and kept my sick negroes at home, so you understand how that trick was worked off. There are some that begrudged us our negroes and would be glad they were all taken to the fort to die.

I think it will be about 2 weeks before Horace and Fleas come up, on account of shoes and clothing. Bryant has been making boots all the fall for soldiers, and our family with the rest of the neighbors is barefooted.

(Henry Yarbrough to C. C. Cocke, p. 2)

Billy Poyner is expected to die at the fort. Brother Sam is there now waiting on him. Harriett is but very little better, if any. Josiah expects to come up in January. Hook is well, and got a bad case on hand, a woman in child-bed. She is so bad he has not been over this Christmas. He was to have been over on Christmas Day to go deer hunting. As it was, me and Billy drove the Gumpond drive and I went to the foot of Cyprus pond with my double barrell shot gun loaded with turkey shot, wadded with a rifle ball. He drove out 3, a 4 point buck, a doe, and a spy. They failed to run the gap, but came down the side next the design. I saw them coming and I was in the wrong place, and my horse also was in the wrong place. I ran to my horse, and they never discovered mr or my horse, at this time they were croping the end of the pond, going towards the by road. I was in about 50 or 60 yds. I cocked both barrells, leveled on the buck and fired both barrells at once. Nobody could distinguish but one gun at the crack. I turned him over, shot I rifle ball and 3 shots through the lights, one shot through the spine. The other ball broke the fore leg bone through the knee. Charles has killed one turkey with her and Bob Dickson his dog.

mrite soon as this comes to hand.

H. Yarbrough

1435 WOODARD FAMILY JOHN H. WOODARD (DOC) & LEONA V. MCGOWAN

John H. Woodard (Doc), born October 6, 1883, to Benjamin C. Woodard and Eunice "Ann" Creech in Dickson County, was the grandson of John Daniel and Mary Ann Kephart Woodard. Leona was born August 16, 1891, to John R. and Isabell Rosilee Johnson McGowan. John and Leona married December 31, 1905, in Dickson County. Frank Henry performed the ceremony. The first years of their marriage were spent in the Nosegay and Jones Creek area. Eventually, they moved to White Bluff.

Described as hardworking people, Doc and Leona never allowed their hands to be idle. In the early 1930s, they were employed as caretakers of the Dickson County Home and its residents. Farming also kept the couple's hands busy. Doc was noted for working in flower gardens of his own and neighbors around the area. He also worked for the J. C. Bradford family at the summer resort park in White Bluff. Today, their families treasure woodwork pieces made by John H. and crocheted pieces made by Leona. John H. practiced the advice he passed on to his children: he told them "always give a

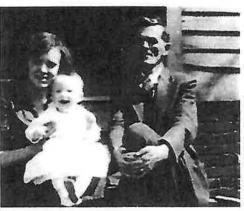

John H. "Doc" and Leona (McGowan) Woodard

man an honest day's work" and "a good name is better to be chosen than great riches."

John H. and Leona Woodard gave birth to five children: Rosilee W. Westcott, Lucion K. Woodard, Kathleen W. Nash, twins Margaret W. Taylor and Margie Woodard. Margie died at birth.
